Transit New York Review of Books
Anna Seghers's Transit is an existential, political, literary thriller that explores the agonies of boredom, the vitality of storytelling, and the plight of the exile with extraordinary compassion and insight. Having escaped from a Nazi concentration camp in Germany in 1937, and later a camp in Rouen, the nameless twenty-seven-year-old German narrator of Seghers's multilayered masterpiece ends up in the dusty seaport of Marseille. Along the way he is asked to deliver a letter to a man named Weidel in Paris and discovers Weidel has committed suicide, leaving behind a suitcase containing letters and the manuscript of a novel. As he makes his way to Marseille to find Weidel's widow, the narrator assumes the identity of a refugee named Seidler, though the authorities think he is really Weidel. There in the giant waiting room of Marseille, the narrator converses with the refugees, listening to their stories over pizza and

wine, while also gradually piecing together the story of Weidel, whose manuscript has shattered the narrator's "deathly boredom," bringing him to a deeper awareness of the transitory world the refugees inhabit as they wait and wait for that most precious of possessions: transit papers.

The Patrioteer BoD – Books on Demand

"Der Untertan" (literally "the subject", translated into English under the titles "Man of Straw", "The Patrioteer", and "The Loyal Subject") is one of the best known novels of German author Heinrich Mann. The title character, Diederich Hessling, a dedicated "Untertan" in the sense of a person subservient to a monarch or prince, is an immoral man who is meant to serve as an allegory of both the reign of Kaiser Wilhelm II and German society of his time. The novel was completed during the July Crisis in 1914, shortly before the outbreak of World War I. Extracts had been published in the satirical magazine "Simplicissimus" from 1912 onwards, causing great controversy. A book edition was not published until 1918 by Kurt Wolff in Leipzig.

Belonging Scribner

* Winner of the National Book Critics Circle Award * Silver Medal Society of Illustrators * * Named a Best Book of the Year by The New York Times, The Boston Globe, San Francisco Chronicle, NPR, Comics Beat, The Milwaukee Journal-Sentinel, Kirkus Reviews, and Library Journal This "ingenious reckoning with the past" (The New York Times), by award-winning artist Nora Krug investigates the hidden truths of her family's wartime history in Nazi Germany. Nora Krug was born decades after the fall of the Nazi regime, but the Second World War cast a long shadow over her childhood and youth in the city of Karlsruhe, Germany. Yet she knew little about her own family's involvement; though all four grandparents lived through the war, they never spoke of it. After twelve years in the US, Krug realizes that living abroad has only intensified her need to ask the questions she didn't dare to as a child. Returning to Germany, she visits archives, conducts research, and interviews family members, uncovering in the process the stories of her maternal grandfather, a driving teacher in Karlsruhe during the war, and her father's brother Franz-Karl, who died as a teenage SS soldier. In this extraordinary quest, "Krug erases the boundaries between comics, scrapbooking, and collage as she endeavors to make sense of 20th-century history, the Holocaust, her German heritage, and her family's place in it all" (The Boston Globe). A highly inventive, "thoughtful, engrossing" (Minneapolis Star-Tribune) graphic memoir, Belonging "packs the power of Alison Bechdel's Fun Home

and David Small's Stitches" (NPR.org).

Work Like Any Other Simon and Schuster
LONGLISTED FOR THE MAN BOOKER PRIZE In this "inventive, beautiful, and deceptively morally complex novel" (The Miami Herald), a prideful electrician in 1920s rural Alabama struggles to overcome past sins, find peace, and rescue his marriage after being sent to prison for manslaughter. Roscoe T Martin set his sights on a new type of power spreading at the start of the twentieth century: electricity. It became his training, his life's work. But when his wife, Marie, inherits her father's failing farm, Roscoe has to give up his livelihood, with great cost to his sense of self, his marriage, and his family. Realizing he might lose them all if he doesn't do something, he begins to siphon energy from the state, ushering in a period of bounty and happiness. Even the love of Marie and their child seem back within Roscoe's grasp. Then a young man working for the state power company stumbles on Roscoe's illegal lines and is electrocuted, and everything changes. Roscoe is

arrested; the farm once more starts to deteriorate; and Marie abandons her husband, leaving him to face his twenty-year sentence alone. As an unmoored Roscoe carves out a place at Kilby Prison, he is forced to ask himself once more if his work is just that, or if the price of his crimes—for him and his family—is greater than he ever let himself believe. Work Like Any Other is “a consummately well-written, deeply affecting, thought-provoking American historical novel of hard labor, broken dreams, moral dilemmas, violence, racism, and the intricacies of marriage, parenthood, and friendship. Hope is found in reading, compassion, forgiveness, and good, honest work, whatever form it takes. Virginia Reeves’s gripping, dynamically plotted, and profound novel will resonate on different frequencies for men and women and spark soul-searching and heated discussion” (Booklist, starred review).

Where the Crawdads Sing (Movie Tie-In) Penguin

NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature” (The New York Times Book Review). For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent,

she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

The Eighth Life

'That night Stasia took an oath, swearing to learn the recipe by heart and destroy the paper. And when she was lying in her bed again, recalling the taste with all her senses, she was sure that this secret recipe could heal wounds, avert catastrophes, and bring people happiness. But she was wrong.' At the start of the twentieth century, on the edge of the Russian Empire, a family prospers. It owes its success to a delicious chocolate recipe, passed down the generations with great solemnity and caution. A caution which is justified- this is a recipe for ecstasy that carries a very bitter aftertaste ... Stasia learns it from her Georgian father and

takes it north, following her new husband, Simon, to his posting at the centre of the Russian Revolution in St Petersburg. Stasia's is only the first in a symphony of grand but all too often doomed romances that swirl from sweet to sour in this epic tale of the red century. Tumbling down the years, and across vast expanses of longing and loss, generation after generation of this compelling family hears echoes and sees reflections. Great characters and greater relationships come and go and come again; the world shakes, and shakes some more, and the reader rejoices to have found at last one of those glorious old books in which you can live and learn, be lost and found, and make indelible new friends. 'It is a great read. If you love historical sagas and romances, this is the book for you.' -ABC Radio National The Bookshelf 'A harrowing, heartening and utterly engrossing epic novel ... astonishing ... A subtle and compelling translation by Charlotte Collins and Ruth Martin (on the heels of a Georgian version earlier this year) should make this as great a literary phenomenon in English as it has been in German.' -Maya Jaggi, The Guardian 'If it's a family saga you're seeking, look no further than this grand tale...The author gracefully interweaves the historical backdrop of her novel with the lives of her characters, thus adding depth to her story. Heartily recommended.' STARRED REVIEW -Library Journal

1931 created a revolutionary small car: the Maikäfer (German for “May bug”). Seven years later, Hitler introduced the Volkswagen. The Nazis not only “took” the concept of Ganz's family car—their production model even ended up bearing the same nickname. The Beetle incorporated many of the features of Ganz's original Maikäfer, yet until recently Ganz received no recognition for his pioneering work. The Nazis did all they could to keep the Jewish godfather of the German compact car out of the history books. Now Paul Schilperoord sets the record straight. Josef Ganz was hunted by the Nazis, even beyond Germany's borders, and narrowly escaped assassination. He was imprisoned by the Gestapo until an influential friend with connections to Göring helped secure his release. Soon afterward, he was forced to flee Germany, while Porsche, using many of his groundbreaking ideas, created the Volkswagen for Hitler. After the war, Ganz moved to Australia, where he died in 1967.

Assassins of the Turquoise Palace Open Road + Grove/Atlantic

A New York Times Notable Book. “A rumination on the Islamic Republic’s culture of terror . . . [A] captivating narrative” (PBS). On the evening of September 17, 1992, eight leading members of the Iranian and Kurdish opposition had gathered at a little-known restaurant in Berlin when two darkly-clad men burst through the entrance. Within moments, the roar of a machine gun filled the air. Two rounds of fire and four single shots later, four of the men were dead. One of the survivors of that shooting, along with the widow of one of the victims and a handful of reporters, attorneys, and fellow exiles, began a crusade that would not only pit them against Tehran but against some of the greatest powers in Germany. When an undeterred federal prosecutor and an endlessly patient chief judge took over the case, a historic verdict followed that shook both Europe and Iran, and achieved something few could have predicted—justice. “This is a brilliant, riveting book, with all the elements of a great thriller—a horrific crime, sociopathic villains, international intrigue, personal betrayals, a noble prosecutor and an honorable judge. And it is all too real: with remarkably comprehensive reporting and brisk, smart writing, Roya Hakakian has told a great story but, more important, she has made plain the lethal immorality at the heart of Iran’s regime” —Joe Klein, Time Magazine

Sapiens Harper Collins
New York Times Bestseller A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity’s creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, Sapiens integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural

selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

aunt is being evicted from her home in the Tuscan hills by a powerful corporation claiming they own the deeds, even though she can produce her own set of deeds to her land. Catherine and Liam's only clue is a bound handwritten manuscript, entirely in German, and hidden in its pages is a story long-forgotten… Ada Baumgarten was born in Berlin in 1918, at the end of the war. The daughter of an accomplished first-chair violinist in the prestigious Berlin Philharmonic, and herself a violin prodigy, Ada's life was full of the rich culture of Berlin's interwar society. She formed a deep attachment to her childhood friend Kurt, but they were torn apart by the growing unrest as her Jewish family came under suspicion. As the tides of history turned, it was her extraordinary talent that would carry her through an unraveling society turned to war, and make her a target even as it saved her, allowing her to move to Bologna—though Italy was not the haven her family had hoped, and further heartache awaited. What became of Ada? How is she connected to the conflicting land deeds of a small Italian villa? As they dig through the layers of lies, corruption, and human evil, Catherine and Liam uncover an unfinished story of heart, redemption, and hope—the ending of which is yet to be written. Familienpolitik im föderativen Sozialstaat Oldenbourg Verlag
Die Familienpolitik ist ein spätes Kind des deutschen Sozialstaats. Sie etablierte sich vor dem Hintergrund tief greifender gesellschaftlicher Umbrüche. Der kriegsbedingte Männermangel und der "Scheidungsboom" wurden nach 1945 als Zeichen der Auflösung traditioneller Familienformen gedeutet; später verwiesen Schlagworte wie "Pillenknick" und "sexuelle Revolution" auf einen weit reichenden Wertewandel in Familienfragen. Wie die Familienpolitik auf solche Herausforderungen reagierte, zeigt die Studie im Blick auf drei zentrale Konfliktfelder: den finanziellen Familienlastenausgleich, die Sexualaufklärung und Familienberatung sowie die Vorschulerziehung in Kindergärten. Während der Familienlastenausgleich auf Bundesebene zwischen 1965 und 1975 stagnierte, ist in den beiden anderen Bereichen ein Aufbruch zu beobachten, der in erster Linie von den Bundesländern getragen wurde. Dies wird am Beispiel Bayerns dargestellt. So kombiniert die Studie zwei große Themenkreise: Sie zeigt, wie die Familienpolitik zu einem eigenständigen Politikfeld mit vielfältigen Querschnittsaufgaben wurde, und sie lenkt das Augenmerk auf den Föderalismus als eine charakteristische Funktionsbedingung des deutschen Sozialstaates.

Migrationskirchen Evangelische Verlagsanstalt

Das Christentum in Europa internationalisiert sich und wird pluraler. Allein in Deutschland leben über 10 Millionen Christenmenschen mit Migrationshintergrund. Viele von ihnen organisieren sich in Migrationskirchen, internationalen und interkulturellen Gemeinden, die das religiöse Leben nachhaltig bereichern. Dennoch sind Migrationskirchen ein Stiefkind sowohl der migrations- und religionswissenschaftlichen als auch der theologischen Forschung. Der vorliegende Band ist aus der mehrjährigen Zusammenarbeit von Religionswissenschaftlern und Theologen erwachsen und erschließt das Phänomen umfassend. Er bietet grundlegende theologische Zugänge, das Feld erschließende Einzelstudien und lotet die Möglichkeiten aus, welche die Migration von Christenmenschen für Theologie und Kirche eröffnen. [Migrant Churches. The internationalization and Pluralization of Christianity Today] The European Christianity is becoming more international and plural. In Germany alone, there are over 10 million Christians with a migration background. Many of them organize themselves in migration churches, international and intercultural congregations that enrich religious life in a sustainable way. Nonetheless, migration churches are a stepchild in religious studies and theology. The present volume makes the phenomenon accessible systematically and comprehensively. It emerged from several years of

collaboration between religious scholars and theologians and explores the possibilities that the migration of Chritians opens up for theology and the church.
